Mr Vernon Green  
York Hotel  
Balto. Md.

Dear Green:

I wrote you yesterday, asking you for your lineup and received one in the mail this morning. It is the best looking publicity I have seen from any of our teams. You must have a good man doing the job.

Are you having any trouble with Sam Lacy. It looks like our New Jersey edition of the Afro is trying to help Mule Suttles team. They have a story this week twice as big as ours telling about next Sundays game. These newspaper men are really something to deal with. I would not be surprised if he was not mad about us giving Art Carter the job he was asking for.

If you have not arranged anything from June 3rd to 7th, I was thinking we might be able to play some place in the south those days, and change our game in Baltimore the 7th to the 14th. You know that 7th is the day that Montreal is in Baltimore. I do not have a game from the 3rd on.

We played our first game in Trenton Wednesday night and each got \$214.00. It was so cold we started to call the game off. I think we would have had a good crowd with a descent night.

I am enclosing you a line up, although I am sure there will be some changes by the time we come to Baltimore on the 17th. If there is a new lineup I will send it to you.

Let me know about the 3rd to 7th dates.

Very Truly Yours
